ABOUT TECH IMPACT

Tech Impact’s mission is to leverage technology to advance social impact. To date, Tech Impact’s workforce development programs have helped over 1000 young adults and dislocated and incumbent workers begin careers in the thriving technology industry.

ABOUT THE LUNCHEON

The Celebration of Impact Luncheon is the Greater Philadelphia region’s premiere technology-focused philanthropic event. It brings together a peerless audience of technology and business executives who are committed to sustaining and improving the lives of individuals in our community. Our goal to raise $250,000 will help over 180 students join one of our workforce development programs. The Luncheon also helps to sustain the technology services, support, training, and education we provide to hundreds of nonprofits nationwide.

PROFILE OF ATTENDEES

Attracting technology and business leaders alike, this event provides access to one of the largest and most diverse audiences in the region. The Luncheon is hosted by Tech Impact’s Advisory Board, which includes senior technology executives from some of the region’s largest and most respected corporations, government entities, and medical institutions.

WHY SPONSOR?

Your sponsorship dollars keep Tech Impact’s workforce training programs free of charge to our students, while also supporting capacity building and educational opportunities for nonprofits around the country. Sponsorship provides exclusive exposure to network with the Philadelphia region’s top technology leaders, all in support of a wonderful cause.

Sponsorship provides your company with an opportunity for generous exposure to a select audience and the opportunity to network with technology leaders across the Valley, all in support of a wonderful cause.

If you have any questions or would like to become involved as a sponsor, please contact Renee Garnick at renee@techimpact.org.
